RE: COMMENTS; Technical Memorandum No. 2 (TM-2) Exposure Scenarios, Human Health  
Risk Assessment, Walnut Creek Priority Drainage, Operable Unit No. 6, June,  
1993.

Dear Mr. Hestmark:

The Colorado Department of Health, Hazardous Materials and Waste Management  
Division (the Division) has reviewed the subject document submitted by DOE and  
prime contractor, EG&G. The Divisions comments are attached.

The TM has been reviewed with the understanding that the Human Health Risk  
Assessment Template has not been finalized to date. Therefore, DOE should  
incorporate the comments with the understanding that further changes may occur  
through finalization of the Template.

If you have any questions concerning the comments, please call Harlen Ainscough of  
my staff at 692-3337.

Sincerely,

*Gary W. Baughman*
